INTERNATIONAL SKYDIVING HALL OF FAME NOMINATIONS AND SELECTIONS PROCESS

The International Skydiving Hall of Fame recognizes and honors those who, through leadership, innovation and/or outstanding achievements, have defined, promoted, and advanced skydiving at the highest and sustained levels such that they have made it possible for generations of skydivers to enjoy the sport.

Criteria for Admission

The following attributes are the basis on which the election of nominees is to be considered:

- Have actively participated in the sport as a member of an International Parachuting Commission (IPC)-affiliated skydiving association.
- Made major contributions to the sport in at least three of the following skydiving related areas:
 - Leadership
 - Competition [to include judging]
 - Photography/videography
 - Aviation
 - Innovation
 - Design, Invention and/or Manufacturing
 - Sport promotion [to include government liaison]
 - Philanthropy.
- May be living or posthumous.

Nomination Procedures

Nominations may be made by individuals or by representatives of organizations or groups; a candidate may not nominate themselves.

- All nominations must follow the steps listed in the approved nomination form, attached.
- All nominations must be typed or clearly written and as concise as possible.
- Nominations must be received by December 31 for consideration by the Selection Committee at its meeting in the following year.
- Once a nomination is received, it will remain on file for consideration.

Selection Committee.

The committee shall be chaired by the Hall of Fame Committee chair and comprised of the following members:

- The trustees who comprise the voting members of the Hall of Fame Committee.
- One member of the U. S. Parachute Association board of directors (not also a Skydiving Museum trustee) selected by that organization's governing body.
- One member of the Parachute Industry Association's governing body (not also a Skydiving Museum trustee) selected by that organization's governing body.
- Two Hall of Fame inductees (also not Skydiving Museum trustees) selected by the Hall of Fame Selection Committee chair with concurrence of the Skydiving Museum president.
- The Selection Committee chair shall determine the members of the Selection Committee and advise the Skydiving Museum board by December 31.

Procedures

- The selection of inductees will be made by the Hall of Fame Selection Committee and ratified by the Skydiving Museum Board of Trustees.
- The Hall of Fame Selection Committee shall meet annually, either in person (preferably) or via electronic conferencing methods, to vote on the list of candidates. The meeting will be closed.
- At least two weeks prior to the annual meeting of the Hall of Fame Selection Committee, the museum administrator will ensure that all completed nominations submitted by December 31 are available for the committee's review.
- All members of the Hall of Fame Selection Committee may annually fully vet and propose up to five names from the list of nominees for consideration for induction into the Hall of Fame.
- After discussion of the candidates' qualifications, the Hall of Fame Selection Committee members will be asked to submit to the chairman a rank-ordered list of up to five candidates, with the ranking five being the highest and one the lowest. The ranking of each will be added and the candidate(s) with the highest totals will become the inductees submitted to the International Skydiving Museum Board of Trustees for ratification. The committee may select no more than five nominees or less than one from the list. Initial straw polling may be used by the chairman in order to ensure thorough consideration of all nominees.

Award

Each inductee will receive a plaque and a Hall of Fame blazer. Additionally, the inductees will be suitably recognized in a permanent Hall of Fame gallery in the Skydiving Museum.

Induction Ceremony

There will be an annual Museum hosted and organized event dedicated to the recognition of the inductee(s). This event should also serve as a major fundraising event for the Skydiving Museum.

- During the ceremony, each inductee will be presented to the Hall of Fame by a person or persons of his choice, subject to review and approval by the Hall of Fame Committee chair. Each presenter and each inductee will have three to five minutes for their presentation/induction.
- If no name is provided by the inductee, the Hall of Fame Committee chair will select an individual to make the presentation.

Funding

Initial funding shall be provided by the Museum. However, additional and sustained funding should be by endowment.

*Amendments: The International Skydiving Museum Board of Trustees and the Hall of Fame Committee of the Skydiving Hall of Fame reserves the right to revoke, alter or amend these rules at any time.
